

# USING YOUR HOMESCHOOL DASHBOARD

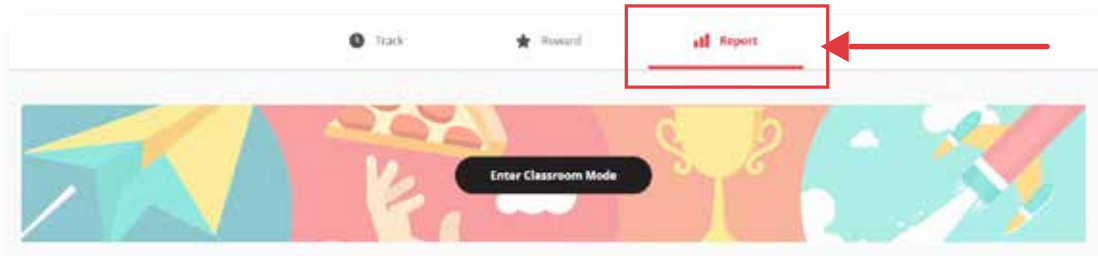

1. Visit <https://bookitprogram.com/user/login> to sign in to your dashboard.
2. Take a look at your class by clicking on students.

3. Reward and celebrate.
  - Track your child's reading in the dashboard by moving the slider to the right. When your child meets their goal, move the slider all the way to the right. The certificate will be automatically emailed to you.
  - You can also find the certificate under the reward tab, at the top of the class page.

Try out classroom mode in the reports section of the dashboard.

You and your class can celebrate their accomplishments each month with an out-of-this-world-classroom experience!
